

This architectural floor plan shows a building with a brick exterior wall on the left. The interior is divided into several rooms. At the top, there is a large room with a wooden floor, containing two white rectangular objects (possibly beds or tables) and a small brown rectangular object. Below this, there is a room with a wooden floor, containing a white rectangular object and a small brown rectangular object. The central part of the building features a large room with a wooden floor, containing two white rectangular objects and a small brown rectangular object. To the right of this room is a smaller room with a wooden floor, containing a white rectangular object and a small brown rectangular object. The bottom part of the building features a large room with a wooden floor, containing two white rectangular objects and a small brown rectangular object. To the right of this room is a smaller room with a wooden floor, containing a white rectangular object and a small brown rectangular object. The building is surrounded by a black area, possibly a street or a wall.
